the setup or set up of the of the Visual Studio 98 Enterprise The VS98ENT.STF is the

This post has been reported as spam. The opinions expressed in this post represent the author and do not necessarily reflect the opinions of Greenhorn or StopSpam. Instead, the views of the author are only his own. I found a link between this page and this site If the solution or workaround contained in this post isn't working for you, feel free to leave a comment. Solution: I found a solution for the problem. "Set the current directory to where VS98ENT.STF is located, then paste" It still appear even though I found the VS98ENT.STF file. Download the file named WFCClean.zip. After that paste the contents of WFCClean.zip to the current directory. After the above steps, I have deleted the following folders in the %TEMP% directory.

Setup\_VS98ENT.exe Step 1: Make a copy of your installation cd in your hard drive. Step 2: Copy the file setup/VS98ENT.STF and rename it to acmsetup.STF. STF file should have the following contents. Setup\_VS98ENT.exe . Choose "Close." Choose "OK." If there are any errors of opening the Setup.exe, choose "Cancel." Next set focus to the %TEMP% directory, and delete the following folders. Setup\_VS98ENT.exe . Choose "Close." Choose "OK." If there are any errors of opening the Setup.exe, choose "Cancel." Next set focus to the %TEMP% directory, and delete the following folders. Setup\_VS98ENT.exe . Choose "Close." Choose "OK." If there are any errors of opening the Setup.exe, choose "Cancel." Click "Finish." The Setup program should be completed. Conclusion I was impressed by this tutorial and share
